Christmas & New Year in the Canaries

Cruise Details

Prices from £1829

Cruise Highlights: This cruise to the Canaries is the perfect way to escape the cold weather at Christmas and New Year. Swapping jumpers for t-shirts, this cruise sets sail to these stunning volcanic islands. Your cruise holiday can be personalised to suit your interests with our range of optional tours.

Setting sail from Southampton, the first stop is Lisbon. Museums, tree lined streets, Gothic cathedrals and monasteries all wait to be discovered. But don't forget its stunning countryside and the impressive Sintra Mountains.

The cruise then heads for the first of the Canary Islands, Lanzarote. What this island lacks in vegetation, it more than makes up for in character. Its lunar-like landscape can be explored further with a visit to Timanfaya National Park's many volcanoes.

Gran Canaria in contrast is green to the north, desert to the south and has a mountainous interior. Las Palmas has a real Spanish feel with stunning beaches and offers the perfect amount of relaxation before the cruise moves on to the largest of the islands, Tenerife.

Dominated by Mount Teide, [Tenerife](#) offers beautiful beaches, tropical forest, volcanic landscapes and just about every cuisine you can think of. After further stops at La Gomera and La Palma, this Christmas and New Year cruise to the Canaries ends with a stop at Funchal.

Seasonal – Christmas Cruise.

Cruise from Southampton, UK.
